## To Wonder Marketing

My name is LOUISE RAMIREZ. Recently I was shopping at . . . I bought two bottles of "Carpet CPR". I read the labels and I liked what it said. At home I have light Carpeting livingroom and diningroom. The kitchen runs into the diningroom. The stains were so bad I was thinking of replacing the Carpeting. I used your product on the stains and oh my god, "Carpet CPR" have taken the stains out and kept them out. I want you to know, I have tried every ~~product~~ <sup>product</sup> in the market. none ever worked, so, I went back to . . . to get more and they don't have it. I spoke to the manager, He could not tell me if they were getting it again. Please can you

let me know where I can buy it, Cause I  
have two dogs that live in my home and  
sometimes they take treats into my den, and  
I have light Carpeting a sea green. My god  
you have a great product put it in the  
markets where we can get "Carpet CPR"

Thank you for coming out with a product  
that does what it says it can do, take  
stains out and keep them from coming  
back. I can not thank you enough  
"what a great product" I am so happy.

P.S.

Love your product  
and I need to buy  
more.
