Subject: Order Update

Now I not only love your products, I'm pretty impressed with the people who are behind them.

I had ordered three tubes of the Granite CPR, the carpet cleaner (which I really like as well!!), the tube of Leather CPR (haven't used that one yet but am sure I'll like it too).

Believe me, it will be used and enjoyed. I have tried so many different products for our granite counters in our kitchen and two bathrooms and Granite CPR has surpassed them all by far!
