Subject: COACH Leather Care Results!

Leather CPR Staff,

I'm writing to let you know how pleased I am with your Leather CPR product. I have a few COACH fine leather briefcases both soft and hard styles and have used a few other name brand products and was never satisfied with the results. When I tried the CPR, I was amazed at how it lifted the embedded dirt that I hadn't been able to remove before, the leather was softer after just two applications, it removed the light scratches and scuffs which I never expected it to do, and I could actually smell that great leather smell and there was no film or greasy residue at all. This stuff works fantastic!!

I would have no hesitation at all treating any high quality leather with CPR as it has proven itself to me 100%. Thanks for a great product!!

Regards, Bob
